

2017 OREGON GED SUMMIT  
NOVEMBER 7-8, 2017 | Embassy Suites in Tigard, Oregon  
“Connecting Students to a Better Future”

Dear Exhibitor,

It is our great pleasure to invite your attendance at the 2017 GED Summit “Connecting Students to a Better Future” at the Embassy Suites located in Tigard, Oregon. The GED Summit serves as a professional development venue for the GED community comprised of local partners, educators, administrators, legislators, community leaders and students. This is an annual event where collaboration, networking and ideas are born to help students not only earn their GED, but to also connect with post-secondary opportunities such as: private and public college, specialized training, apprenticeships, career technical education, certificate programs and university degrees. Part of achieving this goal is the ability to partner with exhibitors such as you.

This year’s summit will be focusing on the following tracks

- Sharing new resources, best practices and trends
- Electronics in and out of the classroom: bringing professionals and students together
- Student health and wellness
- Staff health and wellness
- Student behaviors
- Reaching multi-cultural students
- Barriers to learning (dyslexia, homeless, abuse, poverty, language, etc.)
- Understanding data
- Diversity & inclusion

We would also like to invite you to be a co-sponsor of this year’s GED Summit. Working together with our community, business, education and workforce partners will help to strengthen and unify our communities in supporting GED students as they achieve their success. The GED Summit has proven to be very beneficial and is considered “leading edge” in providing professional development workshops and opportunities for educators to network and learn from one another.

Please find enclosed exhibitor packages and sponsorship opportunities. We welcome the opportunity to discuss your participation and can be reached at [Oregon.GED@state.or.us](mailto:Oregon.GED@state.or.us).

Sincerely,

A handwritten signature in black ink that reads "Donna Lewelling".

Donna Lewelling  
Deputy Director of Community Colleges and Workforce Development  
Higher Education Coordinating Commission  
High School Equivalency | Oregon GED Program
